Gary,

I wanted to touch base on the agenda for Wednesday's call. I am going over the 106 grant information end of year reporting. Based on my review, I'll provide my preliminary findings and seek clarification on any issues that arise. I don't think there is really anything you will need to prepare for. I am not planning to bring up any case-specific enforcement issues. But, as always, if there is a particular case you want to discuss, I will listen and advise as needed. If there are any other issues, you want to discuss I'm open to them. I would like to discuss priority CAFO permits for issuance. I also would like to discuss what EPA activities are planned in Maryland for FY 2013. Below is the proposed agenda:

- 1) FY 2012 State Performance Review - Preliminary Findings and Q&A (Toy - 20 min)
- 2) MDE Program Topics (Gary - 20 min)
- 3) Priority CAFO Permits (Toy - 10 min)
- 4) EPA Activities (Toy -10 min)

Prior to the call, I'll give you a one pager hand-out for items 1 and 3. These are still under development.

Ashley
